

# **NOW** **ARRIVING!**

## **The Second Installment of our release of the Original Issues of the *GM&O News* on CD!**

We continue to make the first draft of history of the *Gulf Mobile & Ohio* railroad accessible to members with the release of this single CD which contains all 44 issues of the official company newsletter from the 1960's and 1970's.

The *News* became a leaner publication in the 1960's, reflecting the no nonsense approach that management was taking in pursuing ambitious new business opportunities. The focus was clearly on getting the word out that the GM&O was moving forward and that it was a force to be reckoned with.

Fully illustrated, the *GM&O News* provides excellent background and reference information used by our own *GM&OHS* authors. This CD contains everything from 1960 up until the merger in 1972, and illustrates the progress of the railroad like nothing else can.

**Expand your library of the *GM&O News* with this single disc for \$15.00 postage paid\*.**

-----  
Please make check or money order payable to *GM&OHS* and send to: GM&OHS News CD, P.O. Box 1753, Marion, IL 62959
